

The **NANNNA GENERATIONS PLAN**

The NANNNA Generations plan is an inheritance and life insurance program designed specifically for our organization. NANNNA feels the obligation to provide all of its members the opportunity to leave an excellent inheritance that they can be proud of for their children and grandchildren.

The plan is designed to allow for NANNNA members and friends to purchase very large inheritances (the insurance benefit) for a very low premium. Being insured as a group will allow for this NANNNA membership advantage to be the most cost effective way to purchase life insurance in comparison to members' privately held insurance plans and perhaps even more cost effective than what is provided to you through your employer!

The plan also is excellent for our members who are already retired, contracting, or unemployed who may not have the opportunity to have insurance benefits.

In short, by being a member or friend of NANNNA, we are proud to say that the NANNNA GENERATIONS PLAN **could save you thousands of dollars** every year on insurance premiums.

For example only:

- For \$100,000 of life insurance benefit, the premium is only **\$250/year**.
NO MEDICAL EXAM.(assuming only 50 members participate)
